

Wiring harness special terminal 770520-1

Wiring harness special terminal 770520-1

- Material: copper tin
- Sealing type: single wire seal
- Crimp type: F type crimping
- Socket Type: 180 °
- Typical rated current: 17A
- The connection pin diameter is 1.3 mm
- Wire Insulation Diameter: 1.7 - 2.7 mm
- Temperature range: -40 - 125 ° C
- Terminal conduction: 0 - 24 A (low power)
- Packing: 5000PCS / roll
- Uses: Terminals for cars, trucks, buses and off-highway vehicles
